2. *Listen by telephone.*
   - Please select the "telephone” option in the right-hand display, and a phone number and PIN will display.

3. *Panelists - Please mute your audio device when not presenting*

4. *Technical Difficulties:*
   - Contact the GoToWebinars Help Desk: 888.259.3826
Some Housekeeping Items (continued)

• To ask a question
  ➢ Select the ‘Questions’ pane on your screen and type in your question

• Having trouble viewing the webinar?
  ➢ PDFs of the presentations can be accessed at https://cleanenergysolutions.org/training

• Share with others or watch it again
  ➢ A video/audio recording of this Webinar and the slide decks will be made available at: https://cleanenergysolutions.org/training

• Recordings are also available on our YouTube channel
  ➢ http://www.youtube.com/user/cleanenergypolicy
Agenda

1. Welcome & Introductory Remarks
2. Overview of the Clean Energy Solutions Center
   - Sean Esterly, National Renewable Energy Laboratory
3. Presentations
   - Dinesh S. Parakh, Program Advisor, RETScreen International
   - Michael Ross, Training and Applications Expert, RER Energy Inc
4. Question and Answer Session
5. Attendee Survey
The Clean Energy Ministerial (CEM) launched the Clean Energy Solutions Center in April 2011. The Solutions Center:

- Is one of 13 CEM Initiatives, which include:
  - Global Superior Energy Performance Partnership
  - Super-Efficient Equipment and Appliance Deployment initiative
  - Global Lighting and Energy Access Partnership

- Helps governments design and adopt policies and programs that support the deployment of clean energy technologies

- Has more than 35 partners, including IRENA, IEA, IPEEC, Sustainable Energy for All, Bloomberg New Energy Finance and Leonardo Energy

- Is co-chaired by the U.S. Department of Energy and the Australian Department of Industry.
Clean Energy Solutions Center

Goals

- **Serve** as the primary resource for clean energy policy information, assistance and peer learning for governments and government-affiliated practitioners.
- **Share** policy best practices, data, and analysis tools across countries.
- **Deliver** dynamic services that enable expert assistance, learning, and peer-to-peer sharing of experiences.
- **Foster** dialogue on emerging policy issues and innovation across the globe.

Primary

- Government Policy Makers
- Advisors

Secondary

- Private Sector Companies
- Energy Entrepreneurs and Investors
- Non-Governmental Organizations
- Civil Society
- Others Engaged in Clean Energy
Ask-an-Expert: Our Experts in Action

Connects policymakers to a global network of more than 30 energy experts for quick-response technical assistance on policies and programs relating to:

- Renewable Energy
- Energy Access
- Energy Efficiency
- Smart Grid
- Transportation
- Utilities

Delivered no-cost assistance for more than 160 requests from over 75 countries.

Dinesh S. Parakh manages strategic partnerships, communications, business development, and training & capacity building for RETScreen International at Natural Resources Canada’s CanmetENERGY research centre in Varennes, Quebec. He is also the lead author of the RETScreen Clean Energy Legal Toolkit and the RETScreen Clean Energy Policy Toolkit. A lawyer in Ontario, Dinesh has worked in international development since 1999 with extensive experience throughout Africa. He was formerly with the United Nations Development Programme and World Food Programme in South Africa, as well as the Canadian International Development Agency in Ottawa, Canada. Dinesh holds a B.A. from Yale University, and an M.A. and J.D. from the University of Toronto.
Michael Ross has been supporting the RETScreen team at Natural Resources Canada’s CanmetENERGY research centre in Varennes, Quebec as a consultant since 2001. He has developed much of the training material available on the RETScreen website, contributed to the RETScreen e-Textbook, supplied input cost data for upcoming versions of RETScreen, and performed validation of RETScreen 4, RETScreen Plus and RETScreen Expert. He has delivered RETScreen courses, in both English and French, across Canada, and in the USA, France, Mali, and Zambia. Michael has been working in the fields of renewable energy and energy efficiency since 1995, with a focus on solar and wind energy. Michael obtained a Bachelor of Applied Sciences degree (Systems Design Engineering) from the University of Waterloo.
Questions

The slides and an audio recording of this Webinar will be made available following the webinar.

- Webinar recording, presentations, and information on upcoming and previously held webinars:
  - https://cleanenergysolutions.org/training

- Webinar recordings at the Clean Energy Solutions Center YouTube page:
  - https://www.youtube.com/user/cleanenergypolicy
Attendee Survey

How did we do?
Your feedback is important! Please complete the poll on your screen.
YOUR PARTICIPATION IS APPRECIATED!

THANK YOU!

An audio recording of this Webinar will be made available following the webinar.
