Solutions Center Background and Vision

CleanEnergySolutions.org

The Clean Energy Ministerial (CEM) launched the Clean Energy Solutions Center in April 2011. The Solutions Center:

- Is one of 13 CEM Initiatives, which include:
 - Global Superior Energy Performance Partnership
 - Super-Efficient Equipment and Appliance Deployment initiative
 - Global Lighting and Energy Access Partnership
- Helps governments design and adopt policies and programs that support the deployment of clean energy technologies
- Has more than 35 partners, including IRENA, IEA, IPEEC, Sustainable Energy for All, Bloomberg New Energy Finance and Leonardo Energy
- Is co-chaired by the U.S. Department of Energy and the Australian Department of Industry.

Christine Lins, Executive Secretary, REN21

Ms. Lins was appointed as Executive Secretary of the Renewable Energy Policy Network of the 21st Century (REN21) in July 2011. REN21 is a global, public-private multi-stakeholder network on renewable energy that convenes international organizations, governments, industry associations, science and academia as well as NGOs working in the field of renewable energy. REN21 has its headquarters at the United Nations Environment Programme (UNEP) in Paris, France. Ms. Lins has more than 18 years of working experience in the field of renewable energy sources.

Heather Allen, Consultant, PPMC

Heather Allen is an international expert on urban public transport, climate change and sustainable development. Her career spans both public and private sectors and she is an independent consultant to the PPMC (Paris Process on Mobility and Climate Change www.ppmc-cop21.org) with the Sustainable Low Carbon Transport Partnership (SLoCaT). Heather has been a key spokesperson and has set up several strategic partnerships with international agencies including the United Nations, national governments, cities and professional representative bodies. She has recently been elected as Chairperson of TTI, Transport Training Initiative, a German NGO to increase access to training on transport for the developing world especially Africa and she sits on a number of panels and committees (TRB's Developing World Committee and Special Task Force on Climate Change) and is a fellow of the UK's Chartered Institute of Logistics and Transport. Heather was a lead reviewer for REN21's *Renewables 2015 Global Status Report*.
