Our Mission and Approach

Who We Support

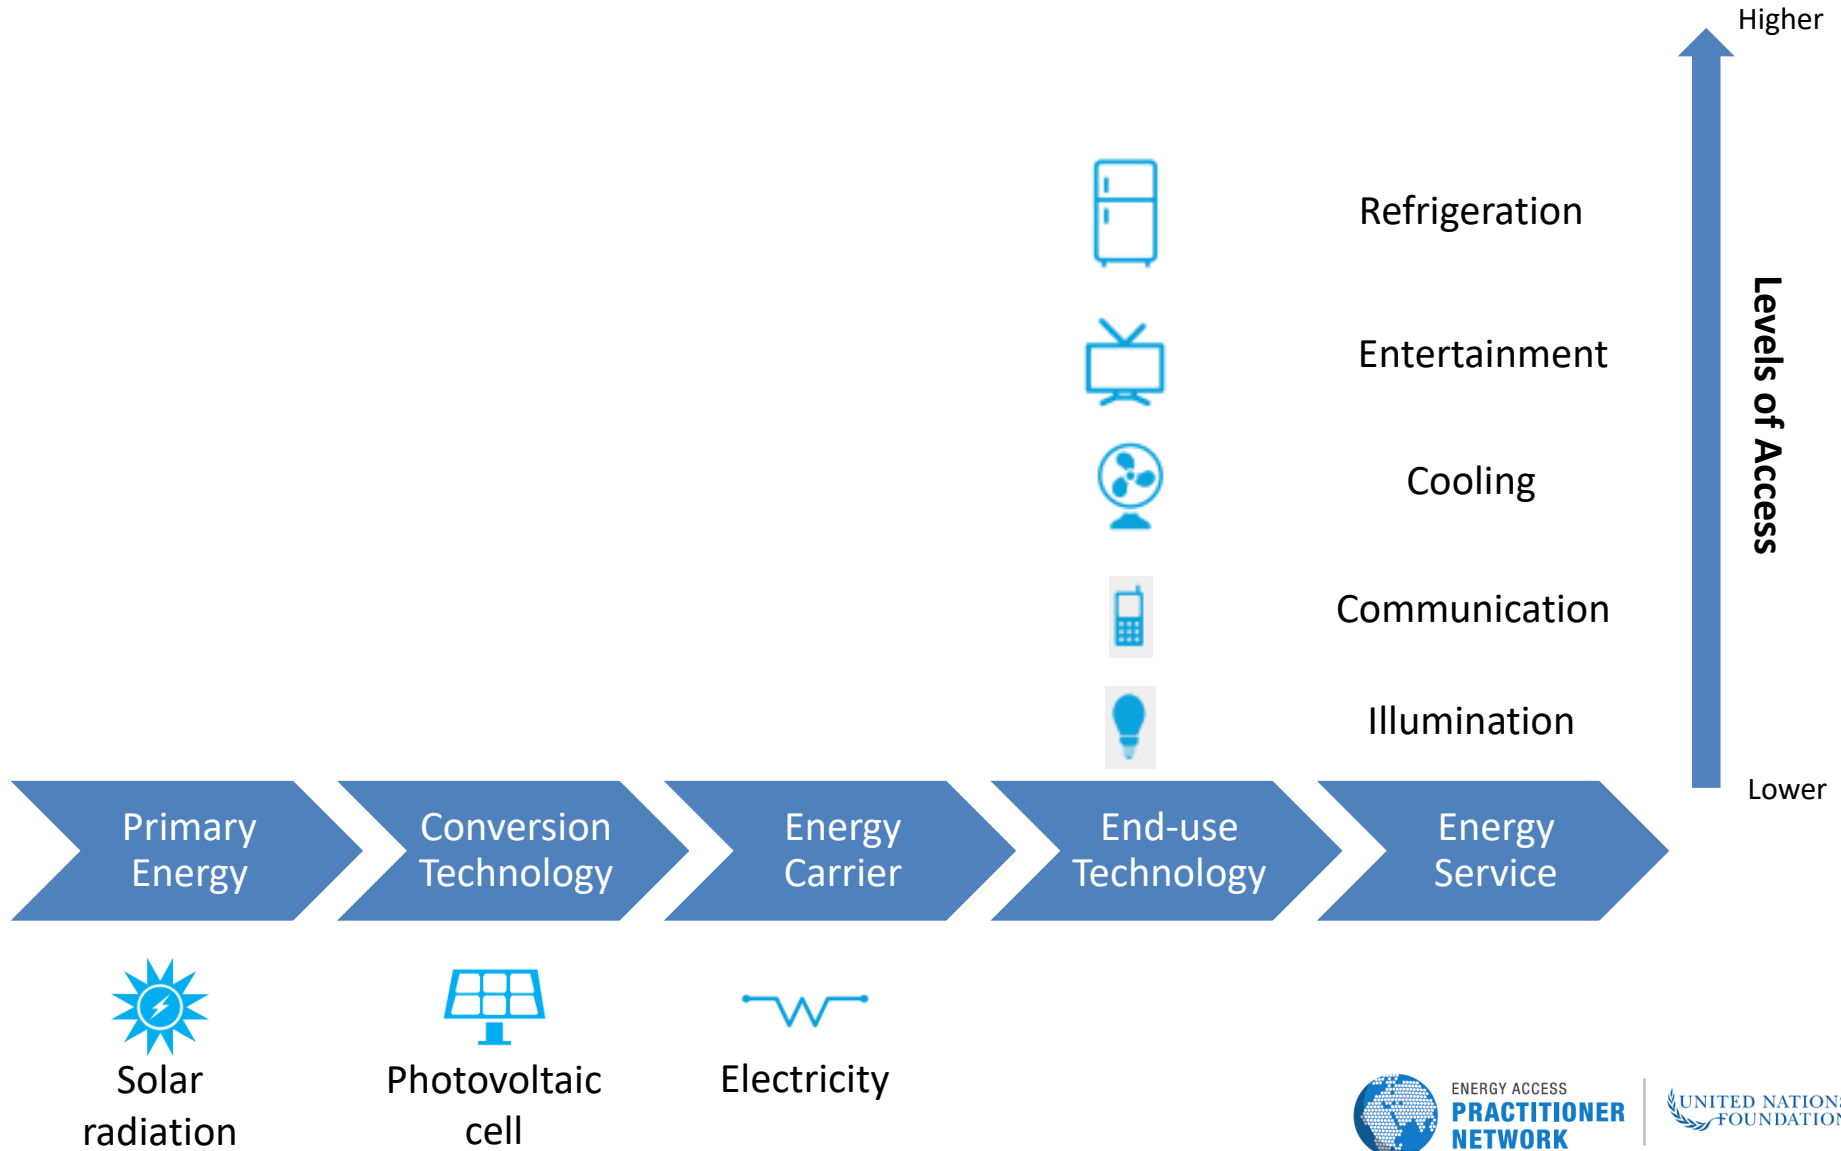

- 2,500 members, representing 1,400 organizations
- Active in over 170 countries
- SMEs, NGOs, corporates, development partners, CSOs, academia, financiers

About this Webinar

Energy Efficiency for Energy Access: Latest Trends and Innovations

- Examine the latest trends and innovations in appliance efficiency and their role in increasing access to clean, reliable and low-cost energy.
- This is the 4th webinar in the UN Foundation's Best Practices webinar series which looks at promising practices in the provision of off-grid energy solutions.
- Please follow live Tweets via **@energyaccessPN** using **#PNwebinar!**

Super-efficient appliances...the key to higher levels of energy access

Energy Access Practitioner Network

Building a Thriving Global Distributed
Energy Access Sector
